About Youth in Policing

The Durham Regional Police Service's (DRPS) Youth in Policing (YIP) Initiative is a paid program for Durham youth aged 15-18, providing personal, professional, and community development opportunities. It has been running since 2006 in partnership with Ontario's Ministry of Children, Community, and Social Services (MCCSS), providing 2095 youth employment opportunities to date.

Our mandate is to provide student employment for youth while enhancing relationships between police and the community. Our mission is for all members to be UNITED!

Message from the Office of the Chief of Police

On behalf of the DRPS, we want to thank all those who have and continue to support our YIP program. This program, which started in 2006, has been growing and positively impacting the lives of young people in the Durham Region. The graduates of this year, represented by the 155 YIP Students, have shown exceptional leadership skills throughout the program. They have embodied the core values of the Regional Community Safety and Well-Being Plan. We would like to thank the Ontario Ministry of Children, Community and Social Services and the Durham Regional Police Services Board for their continuous support towards YIP. We also acknowledge and appreciate the hard work of the YIP Team Leaders, Supervising Team Leaders, Program Coordinators, Police Service Liaisons, DRPS Members, and Community Partners who have set the standards for all YIP initiatives. We are grateful to all the parents, guardians, friends and family of the YIP students. Your unwavering support and commitment have allowed us to create a meaningful impact on youth in the Durham Region.

Message from the Program Coordinators

During both our 2023 Summer and 2023-2024 Winter initiatives, it has been an honour to witness the Youth in Policing (YIP) group reach new heights this year. For over 16 years, YIP has brought together youths from diverse backgrounds to share ideas, gain insights, grow personally and professionally, and contribute to their communities. These exceptional students have continuously broken records and emphasized the importance of community leadership. In 2023, the program facilitated an inclusive environment where 155 students and 21 leadership team members challenged themselves to achieve personal and professional growth. We extend our heartfelt congratulations to all YIP graduates and eagerly anticipate hearing about their future accomplishments.

U N I T E D

"The memories of working side by side and achieving common goals will stay with me, reminding me of the power of unity and collaboration. These friendships are more than just program connections, they're lasting bonds that I will carry forward."

YIP Student 2023/2024 Winter

“

The one thing that I will personally remember from this program is the sense of camaraderie and support among my peers. The bonds formed during our time together, the shared experiences, and the mutual encouragement will stay with me long after the program ends. These connections have not only enriched my YIP experience but have also inspired me to continue fostering meaningful relationships and collaborating with others in pursuit of common goals.

YIP Student 2023/2024 Winter

"All the individuals in leadership roles sincerely cared about our growth and helped us attain that growth throughout the initiative. As a 90-year-old man, I will not have much room in my memory, but this job's environment will stick with me."

YIP Student 2023/2024 Winter

We express our heartfelt thanks to all our community partners for their essential contributions to the success of our program!
